

# ACEITE DE OLIVA VIRGEN EXTRA

*early  
harvest*

This olive oil has been produced by the early harvest of the selected olives from our best ancient olive trees.

With an intense green color, it gets a medium-high fruity intensity on the nose with a predominance of green attributes (freshly cut grass and apple among others), great complexity and freshness. It has a sweet entry in the palate with medium intensity spiciness and bitterness that combine in a balanced way.
